Annual Index, Vol. 1 *1946-2001*

USEFUL INFORMATION

The Annual Index, Vol. 1 covers Sams Technical Publishing's coverage of the years 1946-2001. If your component was manufactured after 2001, you will need to consult Volume 2. Some components manufactured 1999 and later may be found in Volume 2 as well.

The most current and easily used version of our Annual Index can be found at www.samswebsite.com. Our on-line index is updated weekly.

Our Customer Care Center can be reached at 1-800-428-SAMS with any questions you may have, including help in finding your local Sams Photofact distributor.

Brand Name Index

It's easy to set up your service department of only certain TV brand names. The following is a listing of the 20 most popular brands, followed by the numbers of the PHOTOFAC[®] sets issued to cover them for the past 14 years. Check the list against the PHOTOFAC[®] sets in your service library to see what you need, then contact your distributor to order. If you need 50 or more PHOTOFAC[®] sets, ask your distributor about stocking up under the Sams "Bonus-Buy" Plan.
